

**Notice to users:**

Please note that the printer driver to use PCL functionality is included in "Printer Drivers, and Scanner Driver CD" in the main unit or "DDST Unit" option (Type A, B, C or D).

Please install printer driver included in above in order to use PCL functionality.

However, if PCL6 printer driver (for DDST) is not included in the CD, please download it from manufacturer's web site or contact service technician.
