

IMPORTANT NOTICE

To support the Smart Operation Panel M3, the System Firmware was modified. For a list of supported firmware, see the “Target firmware” table below. Make sure the firmware has been updated to the following versions or later. When there are older FW's than the table, update them with the provided SD card named below before installing the Smart Operation Panel M3.

<Target firmware version>

Program	Version	MP C3003/3503	MP C4503/C5503/C6003
System/Copy	2.17	D1465550C	D1485550C
SubSystem	F.17	D1465554	D1485554
