How to Read the Manual

Symbols Used in the Manuals

This manual uses the following symbols:

Important

Indicates a situation that may result in malfunction if instructions are not followed. Be sure to read the instructions.

Note

Indicates supplementary relevant information.

Reference

Indicates reference information that may be helpful.

[]

Indicates the names of keys that appear on the computer screen.

Disclaimer

To the maximum extent permitted by applicable laws, in no event will the manufacturer be liable for any damages whatsoever arising out of failures of this software, losses of documents or data, or the use or non-use of this software and operation manuals provided with it.

Notes

The content of this manual is subject to change without notice.

Some illustrations or explanations in this guide may differ from your product due to improvements or changes in the product.

This manual shall not be copied, duplicated, changed, quoted or reproduced in part or in full without permission.

1. Installing Spot Coating Editor for Acrobat

System Requirements

★ Important

- Spot Coating Editor for Acrobat may not operate normally when Adobe Acrobat is updated. In Adobe Acrobat, by default, [Automatically install updates] is enabled.

Spot Coating Editor for Acrobat is compatible with the following operating systems and versions of Adobe Acrobat. For the latest information, see the Ricoh home page.

↓ Note

- The version of the Adobe Acrobat installed can be checked in the following ways.
 - Windows: Select [Help] menu - [About Adobe Acrobat XI] or [About Adobe Acrobat DC].
 - Mac: Select [Acrobat Pro] menu - [About Adobe Acrobat XI] or [About Adobe Acrobat DC].

Version of Acrobat	Operating Systems
Adobe Acrobat XI Standard	<p>Windows</p> <ul style="list-style-type: none">• Windows Server 2003 R2 (32bit/64bit)• Windows Server 2008 (32bit/64bit)• Windows Server 2008 R2 (32bit/64bit)• Windows Server 2012 (32bit/64bit)• Windows 7 Home Premium SP1 or later (32bit/64bit)• Windows 7 Professional SP1 or later (32bit/64bit)• Windows 7 Enterprise SP1 or later (32bit/64bit)• Windows 7 Ultimate SP1 or later (32bit/64bit)• Windows 8 (32bit/64bit)• Windows 8 Pro (32bit/64bit)• Windows 8 Enterprise (32bit/64bit)• Windows 8.1 (32bit/64bit)• Windows 8.1 Pro (32bit/64bit)• Windows 8.1 Enterprise (32bit/64bit)• Windows 10 Home (32bit/64bit)• Windows 10 Pro (32bit/64bit)• Windows 10 Enterprise (32bit/64bit)• Windows 10 Education (32bit/64bit)

Supported Languages

1

Spot Coating Editor for Acrobat supports following languages:

- Japanese
- English
- German
- French
- Italian
- Spanish
- Dutch
- Simplified Chinese

↓ Note

- The text in Spot Coating Editor for Acrobat will be displays in the same language as the language version of Adobe Acrobat being used. Note that the text will be displayed in English for versions of Adobe Acrobat in languages not supported by Spot Coating Editor for Acrobat.

Installing Spot Coating Editor for Acrobat

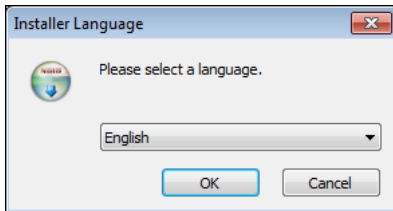

★ Important

- If Spot Coating Editor for Acrobat is already installed, overwrite installation is possible. If overwrite installation is performed, all of the files installed will be overwritten.

1

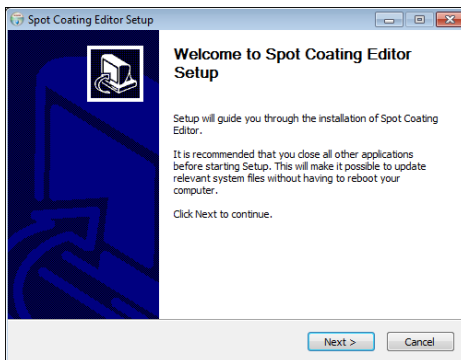

Installing the Windows Version

1. Check the installer file you need for the version of Adobe Acrobat that you have installed.
For details about the installer file, see Spot Coating Editor for Acrobat Readme.txt.
2. Start the installer.
3. Select the language of the installer.

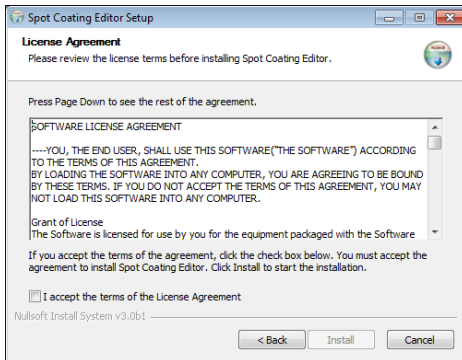

This will not appear if you are performing an overwrite installation.

4. When the setup wizard screen appears, click [Next].

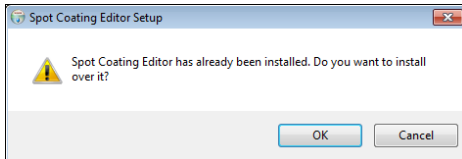

5. Check the terms of the software license agreement. Select [I accept the terms in the License Agreement], and then click [Install].

Installation starts.

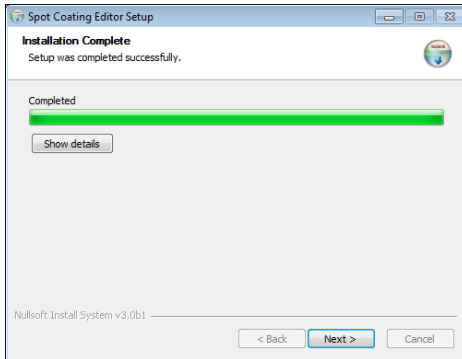

If Spot Coating Editor is already installed, the [Spot Coating Editor Setup] screen appears.

To perform overwrite installation, click [OK].

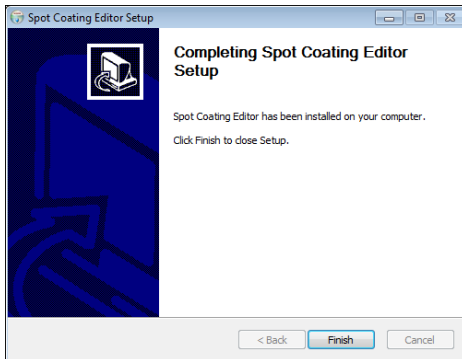

Overwrite installation starts when [OK] is clicked.

6. When the Installation Complete screen appears, click [Next].

7. Click [Finish] to close the setup wizard screen.

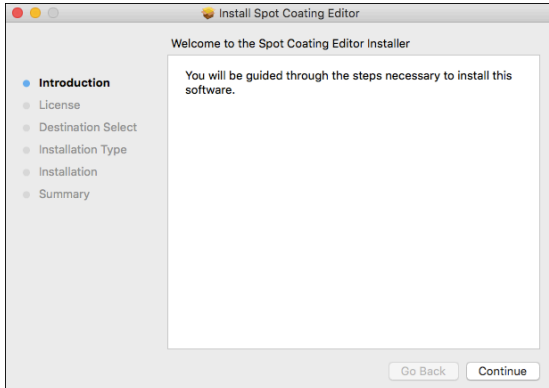

Installing the Mac Version

1. Check the installer file you need for the version of Adobe Acrobat that you have installed.

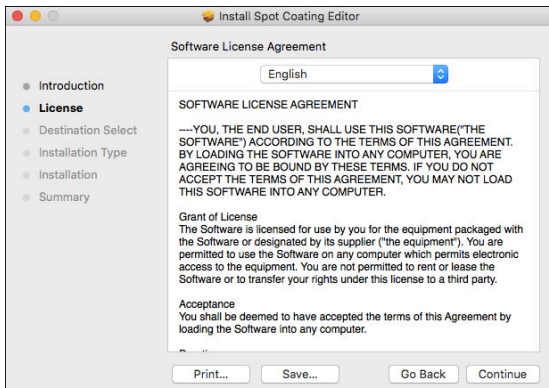

For details about the installer file, see Spot Coating Editor for Acrobat Readme.txt.

2. Start the installer.

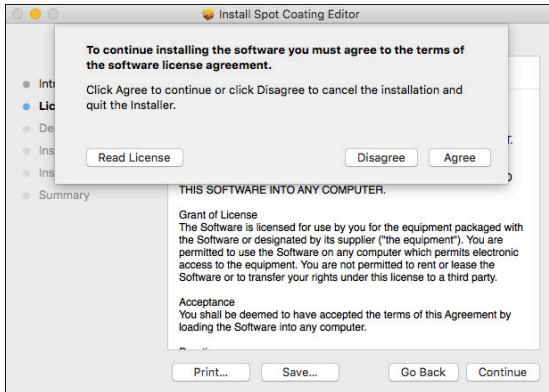

3. Click [Continue].

4. Check the terms of the software license agreement, and then click [Continue].

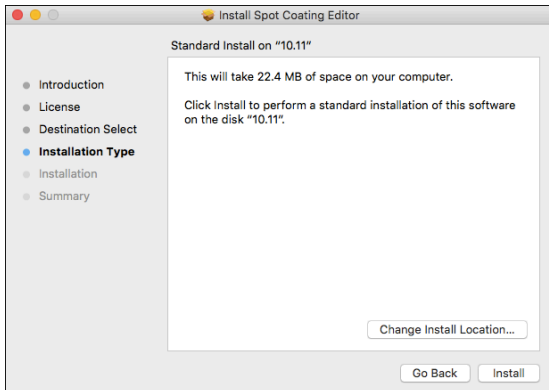

5. Click [Agree].

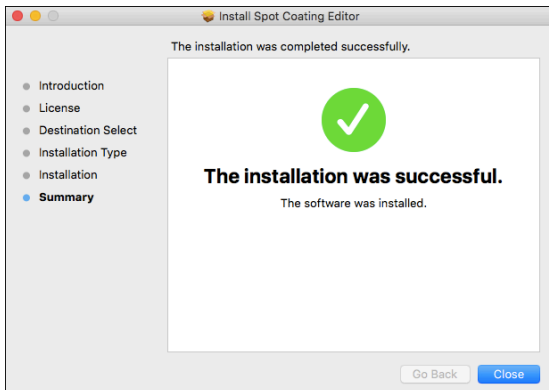

6. When the Installation Type screen appears, click [Install].

If you want to change the install location, click [Change Install Location] to specify the location folder, and then click [Install].

Installation starts.

7. Click [Close] to close the installation screen.

2. Starting Spot Coating Editor for Acrobat

Starting Spot Coating Editor for Acrobat

★ Important

- If the Shift key is pressed when Adobe Acrobat is started, the plug-in is not loaded. Make sure that the Shift key is not being pressed when starting Adobe Acrobat.
- When [Use only certified plug-ins] is selected in the Preferences settings of Adobe Acrobat, Spot Coating Editor is not loaded and therefore, cannot be used. Follow the procedure below to change the configuration settings.

1. Start Adobe Acrobat.
2. Open the [Preferences] screen by selecting [Edit] menu - [Preferences] or [Edit] menu - [Preferences] - [General].
3. Select [General] in [Categories:].
4. Unselect the check box for [Use only certified plug-ins] of [Application Startup].
5. Click the [OK] button and close the [Preferences] screen.
6. Exit Adobe Acrobat.
7. Restart Adobe Acrobat.

1. Start Adobe Acrobat.
2. Select [Open] from the [File] menu to open a PDF document.
3. Follow the instructions below to open the Tool palette of Spot Coating Editor.

- Acrobat XI:
 1. Click [Tool] on the toolbar to display the tool panel window.
 2. Click [Spot Coating Editor].
- Acrobat DC
 1. Click the [Tool] tab.
 2. Click [Add] below [Spot Coating Editor] in the [Add-ons] category.
[Spot Coating Editor] is added on the panel window.
 3. Click [Spot Coating Editor].

📖 Reference

- For details on how to use Spot Coating Editor for Acrobat, see the Operation Guide.

3. Uninstalling Spot Coating Editor for Acrobat

Uninstalling Spot Coating Editor for Acrobat

Uninstalling the Windows Version

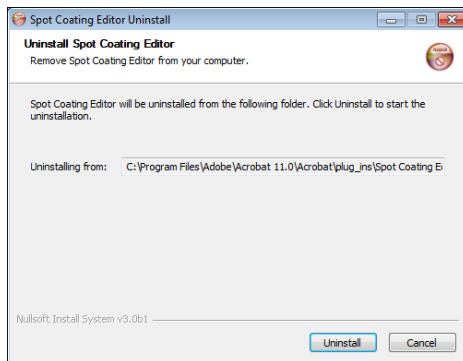

3

1. Start the uninstaller.

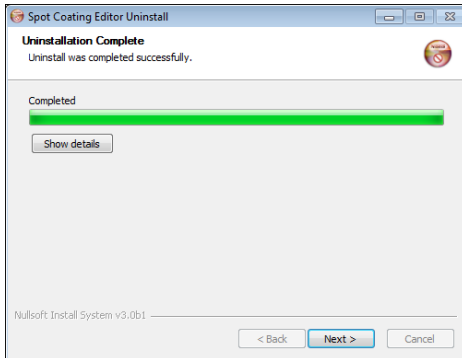

- Windows 7, Windows Server 22003 R2/008/2008 R2:
On the [Start] menu, select [Control Panel], and then click [Uninstall a program].
- Windows 8/8.1, Windows Server 2012/2012 R2:
Click [Settings] on the Charm Bar, and then click [Control Panel]. When the [Control Panel] window appears, click [Uninstall a program].
- Windows 10
Right-click the [Start] button on the desktop, and then click [Control Panel]. When the [Control Panel] window appears, click [Uninstall a program].

2. Select [Spot Coating Editor for Acrobat], and then click [Uninstall].

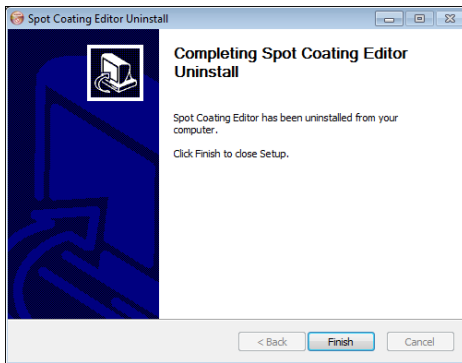

3. Click [Uninstall] in the uninstallation screen.

4. When the Uninstallation Complete screen appears, click [Next].

5. Click [Finish] to close the uninstallation wizard screen.

Uninstalling the Mac Version

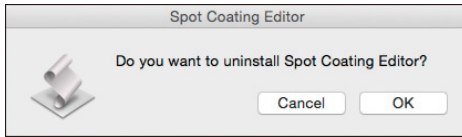

- 1. Select [Go to Folder] from [Go] menu in the Finder.**
- 2. Enter the path of the uninstaller in [Go to the folder], and then click [Go].**

The uninstaller file is in the following path:

- Acrobat XI:
/Applications/Adobe Acrobat XI Pro/Adobe Acrobat Pro/Contents/Plug-ins/Spot Coating Editor
- Acrobat DC:
/Library/Application Support/Adobe/Acrobat/DC/Plug-ins/Spot Coating Editor
If the classic version of Acrobat DC (Acrobat DC 2015) is installed:
/Library/Application Support/Adobe/Acrobat/2015/Plug-ins/Spot Coating Editor

3. Start the uninstaller.

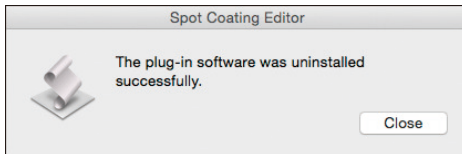

4. Click [OK].

Uninstallation starts.

When uninstallation finishes, the completion screen appears.

5. Click [Close] to close the uninstallation screen.

4. Appendix

Displaying the Operation Guide

A detailed explanation of the Spot Coating Editor for Acrobat function can be found in the Operation Guide.

- 1. Start Adobe Acrobat.**
