

Notes for Users

Note the following :

❖ *About This Machine*

Topic: Appendix > Dos and Don'ts

Additional Information
Ventilation When you use this machine in a confined space without good ventilation for a long time or print large quantities, you might detect an odd smell. This might cause the output paper to also have an odd smell. When you detect an odd smell, regularly ventilate in order to keep the workplace comfortable. <ul style="list-style-type: none">· Set up the machine so that it does not directly ventilate towards people.· Ventilation should be more than 30 m³/hr/person.
New machine smell When a machine is new, it might have a unique smell. This smell will subside in about one week. When you detect an odd smell, sufficiently ventilate and circulate the air in the room.

❖ *Troubleshooting*

Topic: Remarks > Where to Put Your Machine > Machine Environment > Optimum environmental conditions

Error	Correction
<ul style="list-style-type: none">· To avoid possible buildup of ozone, make sure to locate this machine in a large well ventilated room that has an air turnover of more than 30 m³/hr/person.	<ul style="list-style-type: none">· To avoid possible build-up of ozone, locate this machine in large well ventilated room that has an air turnover of more than 30m³/hr/person.
