5

Enter the outside line access number using the number keys, and then press the [OK] key.

6

Press the [用户工具] key to return to the initial screen.

5 Basic Operation for Sending a Fax

1

Make sure that the fax mode screen is displayed.

When the copier mode screen is displayed, press the [复印/传真] key to switch to the fax mode screen.

2

Place the original on the exposure glass or in the ADF.

3

Enter the fax number using the number keys.

4

Press the [开始] key.

When you place original on the exposure glass and Memory Transmission mode is enabled, perform the following steps to scan the subsequent pages of the original.

5

Press the [1] key within 60 seconds, place the next original on the exposure glass, and then press the [OK] key.

Repeat this step until all originals are scanned.

6

Press the [2] key to start sending the fax.
