

Safeguarding this precious planet is one of our corporate missions and environmental conservation activities are a part of our management philosophy.

We need your assistance in reducing waste and protecting our environment.

You can help by taking the time to return your used Print Cartridge to our Recycle Center using the **Prepaid Return Label** found in replacement Print Cartridge boxes.

The returned cartridges are dismantled and reusable parts are recovered. The remaining components are recycled by material recovery methods, whenever possible. The recycling process reduces the amount of waste being produced, conserves natural resources, supports heat/energy recovery programs and minimizes the material entering landfills.

Through these activities, we will actively help build a society that recycles and reuses resources, which is essential to environmental conservation, and contributes to the continued existence of mankind.

Please follow the instructions and RECYCLE your used Print Cartridge.

Thank you from all of us.

❖ **Return the Toner Cartridge By:**

- UPS (continental US only)
Give the box to a UPS driver during a normal delivery or take the box to a UPS drop location. The box will be shipped to the Ricoh Recycling Center at no charge to you. (Note: DO NOT CALL FOR PICKUP- charges will be incurred if you call UPS specifically to collect the print cartridge.)

If there are no UPS drop locations near you, use the UPS label and take the print cartridge box to a Mail Box Etc. location (call 1-800-789-4MBE or go to www.MBE.com for locations nearest you).

For information on cartridge returns in Alaska and Hawaii, please email environmentinfo@ricoh-usa.com.

Warning: (Please Note)

Print cartridges returned by prepaid label are processed as used components. If a defective cartridge is returned via the prepaid label it will not receive warranty consideration. If you have a defective cartridge it should be returned to place of purchase for credit or exchange.

Recycling Program

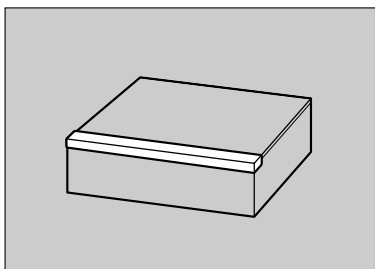

This program is in effect in the United States only.

Ce programme est en vigueur dans les États-Unis seulement.

Este programa está en vigor en los Estados Unidos solamente.

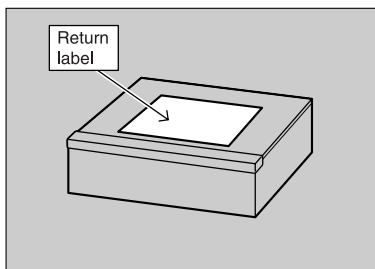

Este programa está em vigor apenas nos Estados Unidos.

- 1** Remove the Shipping Label from the toner carton box.
- 2** Put the old print cartridge into the box that the new cartridge was in, and then seal the box.

BAA183S

- 3** Place a return label on the box before you return it.
