

Recycling Program

This program is in effect in the United States only.

❖ Return the package using the following Return option:

- Return Option - U.P.S. (continental US only)

Give the box to a U.P.S. driver during a normal delivery to your facility or take the box to a U.P.S. drop location. The box will be shipped to the Ricoh Recycling Center at no charge to the customer. (Note: DO NOT CALL FOR PICKUP- if U.P.S. is called to specifically pick up the print cartridge, a customer charge may be incurred.)

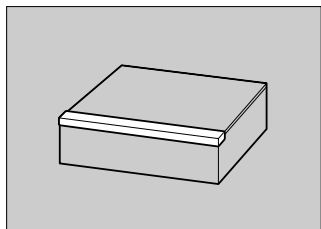

If there are U.P.S. drop locations near you, use the U.P.S. label and take the print cartridge box to a Mail Box Etc. location (call 1-800-789-4MBE or go to www.MBE.com for locations nearest you).

For information on cartridge returns in Alaska and Hawaii, please email environmentinfo@ricoh-usa.com.

WARNING

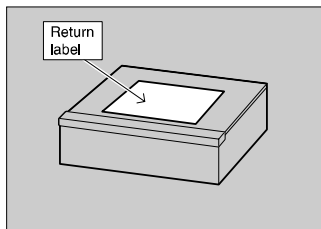

Print cartridges returned by prepaid label are processed as used components and will not receive warranty consideration. Defective cartridges should be returned to place of purchase for credit or exchange.

- 1** Put the old print cartridge into the box that the new cartridge was in, and then seal the box.

BAA1833

- 2** Place a return label on the box before you return it.
