This device is an App2Me ready model.

App2Me is a function that allows each person in an office to use a multifunction copier in an individual way.

With App2Me installed, you can display the same familiar operation screen on IT devices such as PCs and mobile phones, giving you full use of various multifunction copier functions. Moreover, lots of widgets that can be used anywhere, anytime and link with web-based services are available to let you make the most of your multifunction copier through easy operations.

For details, see the Web site above.

The App2Me Start Guide mentioned in the manual for this device can be downloaded with the App2Me application.
