*: New index

Change:

- 1) The shape of the side fence seal was changed (width increased from 8mm to 14mm).
- 2) The material of the left plain shaft bearing in the paper feed section was changed.

Note: Due to this, the color was changed from white to black.

Reason: To further improve paper skew correction.

Important:

- Before attaching this seal, clean the attachment surface with alcohol.
- Attach the seal/pad so that the clearance between the seal/pad and edges is between **0-1mm**.
